## Summary

Dynamic and self-driven software developer with a proven ability to adapt to diverse tools and work environments. Passionate about creating robust and scalable applications, with expertise in the MERN stack. Actively seeking opportunities in software systems development, leveraging emerging technologies to deliver innovative solutions across various domains.

## Projects

### E-Commerce Website

MERN Stack

may 2025 - Present

- Developed a full-stack e-commerce website using the MERN stack (MongoDB, Express.js, React, Node.js). Implemented a dynamic admin panel for product, user, and order management with real-time updates and secure authentication.

### Library Management System

MERN Stack

March 2025 - April 2025

- Developed a full-stack library management application using MongoDB, Express.js, React, and Node.js, Tailwind CSS. Features include user authentication (login/signup), book addition, deletion, updates, add student and dashboard displaying student and book count. Implemented a responsive UI and RESTful APIs for efficient book management.

### Product Store Site

MERN Stack

December 2024 - January 2025

- Implemented CRUD operations for managing products, including adding, updating, deleting, and viewing products. Integrated Zustand for state management, ensuring a smooth and efficient user experience with a responsive UI.

### Healthcare Mobile App

Flutter(Group Work)

March 2025 - May 2025

- Collaborated on a Health Care Management System using Flutter for the front end and Firebase for the backend. Implemented features for patient registration, appointment scheduling, and real-time data storage with secure user authentication.

## Education

### BSc (Hons) in Software Engineering

NSBM Green University

(Current GPA: 3.50/4.00)

## Relevant Skills

• Html, CSS, JavaScripts

• Node Js , Express Js

• Database MongoDB and MySQL

• ReactJs

• Tailwind CSS

## Certifications

### Node Js

simplelearn 

### React Tailwind & Firebase

Udemy 

### Java OOP

Udemy

### React Js

Dp Education 

### UI/UX With Figma

Udemy
